Whether it is during the Christmas Camp or regular season, racers are expected to follow **ALL RULES** explained to them by their coaches. Parents and racers are also encouraged to ask their coach or any Devils Elbow Racing Club representative any questions regarding safety at any time. Cooperation between the racers, parents, coaches and the race club administration will facilitate a safe and fun experience for everyone involved.

Helmets are mandatory for all racers at all times whether racing or training. Helmets must be specifically designed for ski racing and must have a hard shell over the ears and back of the head. Snowboard helmets or helmets with visors are not permitted.

Parents are required for duties such as gate keeping, time keeping, etc., and are encouraged to volunteer.
